

The World's Most Perfect Ice

We are proud to offer the worlds most perfect ice, thanks to a patented shape and innovative individual-cube formation system that ensures the ice is clear, pure, and last longer.

Energy Efficient and Sanitary

Engineered for maximum energy efficiency and exceptional sanitary results, our machines feature CycleSaver® technology and durable stainless steel design.

A Superior Degree of Reliability

Built to the very highest standards, Hoshizaki machines are designed for reliability and easy maintenance, including handy access panels.

As Good for the Planet as it is For Your Business

The first and only foodservice equipment manufacture to achieve ISO 14001 status, Hoshizaki is the energy efficient and environmentally sound choice.
