RE: Hoshizaki America, Inc. manufactures ice machines with specific QR Codes

Hoshizaki America's ice machines manufactured in Peachtree City, Georgia now feature a label with QR Codes specific to make, model and serial number. Customers and service technicians can use their smart phone to scan the QR code for convenience. The webpage features warranty registration records as well as instruction, service and parts manuals. In addition training support manuals also feature QR codes. Hoshizaki plans to incorporate this feature to all existing and future equipment.
