RE: Hoshizaki America, Inc. Announces the New Self Contained Cubelet Ice Machine with Built-in Storage, F-330BAH-C

- The front in and out airflow design allows the machine to fit in tight spaces without needing clearance on the sides or back
- Produces easy chewable, dry cubelet ice
- Self contained cubelet ice machine produces up to 320 lbs. of ice per 24 hours and has 80 lbs. of built-in storage
- Compact foot print features a convenient drop down door and stainless steel finish
- Features an automatic system flush increasing the life span of the unit by keeping the barrel flush before the next freezing cycle begins
- The evaporator assembly is protected from peak loads by monitoring the gear motor and other components
- To protect against cross contamination, the F-330 contains **HoshiGuard Antimicrobial Agent** in the ice making zone and ice bin scoop
- The air cooled model has a removable, cleanable air filter which provides for a more efficient operation and dependable performance

Hoshizaki America, Inc. is headquartered in Peachtree City, Georgia with manufacturing operations in both Peachtree City, Georgia and Griffin, Georgia. Hoshizaki's automated facilities manufacture complete lines of ice makers, dispensers, refrigerators/freezers and related accessories.
