**DATE:** May 2008

**RE: Hoshizaki America, Inc. announces the production of the smallest Cuber IceMachine, KM-61BAH, Self Contained Cuber with Built-in Storage Bin**

- Air cooled model dimensions measure 17¾" w x 24" d x 39H" d with 6" legs, perfect for any residential or commercial kitchen, bar or break area
- The KM-61BAH produces up to 71lbs. of ice per 24hrs. and has 38lbs of built-in storage capacity
- Hoshizaki's signature stainless steel evaporator produces **individual** crystal clear crescent cubes
- KM-61BAH features the Evercheck Alert System - an audible alarm and diagnostic features designed to assist service technicians in diagnosing problems
- The CycleSaver Design allows the unit to produce the same quantity of ice in about half as many cycles as competitor units
- The power switch is accessible with out removal of the units panel
- Built-in installation is possible because of the space saving design
- Front exterior features a slide in door, a removable air filter and front in and out airflow

Hoshizaki America, Inc. is headquartered in Peachtree City, Georgia with manufacturing operations in both Peachtree City, Georgia and Griffin, Georgia.
