RE: DT-400, Hands Free Water and Ice Dispensing Unit

DT-400-AR

- Drop-in replacement refrigeration circuit
- Ease of serviceability for maintaining ice making and dispensing operation
- Simple disconnects for removal and installation

DT-400BAH-OS

- Self contained space saving design (21w x 22.5d x72.5h with 6"legs) and front in and rear out air flow allows the unit to be located in narrow spaces
- The refrigeration circuit is located in the bottom of the unit for easy maintenance
- **"Opti-Serve"** hands-free dispensing feature reduces opportunities for cross contamination
- Produces up to 409 lbs of ice within 24 hours with 40 lbs of built-in storage
- Dispenses easy chewable, dry cubelet ice
- To prohibit bacteria, mold and other microorganisms, the DT-400 contains **HoshiGuard Antimicrobial Agent** in the ice making zone
- **CleanCycle12™** design performs a 15 minute purge every 12 hours, for a longer machine life and cleaner pure ice
- The DT-400BAH-OS features Hoshizaki's signature stainless steel exterior and patented auger design
- 2008 Gold Award Winner of the Dealer Design Awards from the NEWS publication

Hoshizaki America, Inc. is headquartered in Peachtree City, Georgia with manufacturing operations in both Peachtree City, Georgia and Griffin, Georgia. Hoshizaki's automated facilities manufacture complete lines of ice makers, dispensers, refrigerators/freezers and related accessories.
