RE: KMD-450M_H, Modular Crescent Cuber Ice Machine

- KMD-450 is available in both air and water cooled models
- The air-cooled model is **Energy Star certified**
- Unit produces up to 460 lbs. of ice within 24 hours
- KMD-450M_H measures 30" w x 24" d x 22" h
- Ideal for ice on beverage application
- Fits easily on top of an ice storage bin
- Protected by **HoshiGuard Antimicrobial Agent** prohibiting bacteria, mold and other microorganisms within the ice making zone improving sanitation
- Signature stainless steel evaporator produces **individual** crystal clear crescent cubes
- The vertical position of the evaporator allows individual ice cubes to form on both sides, doubling ice production
- **CycleSaver**® Design allows the unit to produce the same quantity of ice in about half as many cycles as competitor units
- **Evercheck Control Board**™ sounds an audible warning when service is needed
- Complies with California Energy Commission guidelines (CEC)
